

**Closter Nature Center**  
154 Ruckman Road, Closter NJ

## ***Introduction to Birding***

***April 7th, 3 pm - 5 pm***

Interested in bird watching, but don't know where to start?

The first portion of the class will cover basic bird identification, birding etiquette, places to go, a high-level overview of tools you might need or want such as binoculars and cameras, an overview of websites, apps, and other tools.

In the second part of the session we will explore the pond and surrounding trails while applying and practicing what we learned.

This workshop is primarily intended for adults and will be led by birding enthusiast and long-time Closter Nature Center volunteer Joel Rudin.

**Cost: Members (\$20), Non-members (\$35)**
